Sandy, Utah 84093

Here are the blank forms for a Notice of Intent application (or Plan of Operations). I am sorry it has taken so long to get these to you. Please fill out a form as per the instructions. It is important you include a map showing the location of your claims. Since the disturbed area is approaching 5 acres, some reclamation is necessary before any further mining related activity can be contemplated, unless you file a Plan of Operations.

Letters are being sent to Carl Briscoe and Bob Thomas asking them to assist with reclamation on your claims as well as some other areas where Great Basin Construction is responsible for surface disturbances. We have given them 15 days to contact our office or be issued a Notice of Noncompliance. I will keep you informed of any new developments regarding your situation.

Sincerely,

Rody Cox
